Infinity Stainless 316L

Working Pressure Chart

|| Rated up to 40 bar

Infinity Stainless pipe and fittings are guaranteed to withstand a maximum pressure of **40 bar** for sizes **28mm to 54mm** when installed using a high-pressure **Novopress ACO203XL** tool and matching high-pressure collars.

For sizes **76mm and above**, the **Novopress ACO403** tool and corresponding high-pressure collars must be used.

When installed with a standard press tool and standard collars, the system supports a working pressure range of **16 to 40 bar**.

SIZE	STANDARD PRESSURE	MAXIMUM PRESSURE*
DN15-22mm	40 bar	40 bar
DN28-35mm	25 bar	40 bar
DN42-108mm	16 bar	40 bar
DN139-168mm	16 bar (single press)	20 bar (double offset press)

Need to hire a Novopress ACO203XL tool and high-pressure collars? We can help. Rates start from \$65.00 for 1-day hire, with preferential rates for longer hire periods.
